

Rent Ready Adds Flooring Service To Its Automated Turn Board *Rent Ready Now Offers Flooring To One-Stop-Shop of Turnover Services*

CHARLOTTE, N.C. (Feb. 6, 2023) – [Rent Ready](#), an integrated services platform that delivers an end-to-end make-ready service for apartment communities, announced today a new addition to its automated turn board – flooring service – now available in all of Rent Ready’s nine markets.

Partnering with some of the top flooring vendors in major markets like Charlotte, Atlanta, and Jacksonville, Rent Ready’s automated turn board allows property managers in the multifamily industry to schedule a broad range of flooring services from demolition to installation of carpet, wood, tile, vinyl and more. In addition, property managers can streamline work orders in just a few clicks on their phones or desktops, eliminating the need for manual updates and multiple spreadsheets.

“In the past year, Rent Ready has seen flooring restoration in more apartment turnovers than not, so we felt it was important to add this service into the mix,” says Jonathan Kite, CEO and Co-Founder of Rent Ready. “Our specialized procurement team in all operating markets are fully dedicated to finding quality contractors who can get the job done for our multifamily clients.”

Rent Ready introduces a modern solution to an age-old apartment industry problem. After a deep dive into the industry, Rent Ready discovered that the make-ready process was disjointed, frustrating, and time-consuming. Onsite staff members were scheduling six different services with six different vendors – creating scheduling nightmares along with unexpected challenges and headaches.

###

Rent Ready's integrated services portal delivers an end-to-end make-ready service for apartment communities. Upon launching in 2016, Rent Ready has revolutionized the multifamily home industry by eliminating the frustration of typical apartment turns by utilizing an automated turn board to connect communities to skilled professionals. Services provided through the portal include: painting, professional cleaning, carpet cleaning, maintenance, tub resurfacing, counter resurfacing, wall repairs and sanitization. Rent Ready is available in Charlotte, N.C., Raleigh, N.C., Piedmont Triad, N.C., Greenville, S.C., Columbia, S.C., Atlanta G.A., Tampa, F.L., Orlando, F.L. and Jacksonville, F.L.
